PROFESSIONAL SUMMERY

A recent Master of Computer Applications (MCA) graduate with a strong foundation in Java development and related technologies. Proficient in object-oriented programming (OOP) principles, data structures, and algorithms, with hands-on experience building applications using Java SE/EE, Spring Framework, Hibernate, and RESTful web services. Adept at working with databases like MySQL, and NoSQL solutions, with a good understanding of JDBC for database connectivity. Comfortable using tools like Git, Maven, and Jenkins for version control and continuous integration.

TECHNICAL SKILLS

Programming Language: java, c, JavaScript.

Database Language: MySQL, Sql, MongoDB.

Web Technology: HTML and CSS.

Frameworks/Library: Bootstrap, React, Collection, JDBC, Spring Boot, Hibernate, Spring MVC, Spring ORM, Spring Security, Spring DATA JPA.

Tools: Maven, Git and GitHub, Apache Tomcat, Eclipse, IntelliJ IDEA.

Project Management: SDLC, Agile, waterfall Model.

Collaboration and Communications Tools: Microsoft teams, Zoom.

EDUCATION

Galgotias University, Greater Noida, UP.

May 2024

Master in computer Application (MCA).

CGPA 8.5

Ram Lakhan Singh Yadav College, Bettiah Bihar.

April 2022

Bachelor of computer Application (BCA).

PERCENTAGE 82.5

PROJECTS

Employee Management System:

May 2024-June2024

- **Robust Backend with Spring Boot:** Built RESTful APIs to handle CRUD operations for employee data, ensuring seamless interaction between the frontend and database.
- **Responsive Frontend with Bootstrap:** Designed an intuitive user interface with Bootstrap, providing a user-friendly experience across devices.
- **Database Management with MySQL:** Implemented a well-structured relational database to store and manage employee records efficiently.

Portfolio Website:

12 April 2023- 20 April 2023

- **Modern Design with HTML, CSS, and Bootstrap:** Developed a visually appealing and fully responsive layout for showcasing projects and personal information.
- **User-Centric Interface:** Ensured easy navigation and accessibility across devices with a mobile-first approach.

Room-Based Chat Application:

Aug 2024- Nov 2024

- **Real-Time Communication:** Enabled real-time messaging in multiple chat rooms with Web Socket integration.
- **Full-Stack Implementation:** Developed the backend with Spring Boot for API management and a dynamic, interactive frontend with React.
- **Responsive and Scalable:** Delivered a user-friendly, device-responsive interface and efficient message handling for seamless user experience.
